

ITEMS NOT COVERED BY THIS WARRANTY:

- Any pre-existing failure or faults that occurred before the purchase of this Warranty.
- Any non-approved repairs to your vehicle or any repairs done on your vehicle by a Non-RMI approved, Non-Manufacturer approved workshop or Non-approved InsureAfrica workshop.
- Serviceable wear and tear items (Brake pads, Brake disc's etc.) or replacement of all service items that need changing at specific or regular intervals (Oil, Grease, Filters etc.) and any service of maintenance costs to your vehicle.
- Any component or cause of failure not listed under the Covered Component section of this warranty.
- Breakdown as a result of: -
 - Irregular or missed servicing or failure resulting from lack of preventative maintenance to the vehicle.
 - Damage caused by the use of incorrect fuels or lubricants.
 - Driver negligence or abuse or use of the vehicle outside of the Manufacturer's design intention.
 - Improper repairs to the injection system.
 - Using experimental parts or Non-Manufacturer approved parts or Non-Manufacturer modifications.
 - Any vehicles used as Taxis, Rental vehicles and specifically excluded vehicles as listed in this wording or any vehicles used for any form of Motor Sport.
- Damage caused by road accident or costs or expenses which can be recovered from your comprehensive motor insurance policy.
- Damage resulting from oil leaks or oil leaks themselves, are not covered.
- Any breakdown that occurs whilst the vehicle is within its Manufacturer's Warranty
 - Damage to drive shafts or steering racks as a result of torn CV joints
 - Hoses and Pipes or damage caused as a result of their failure
 - Damage to electrical wiring / immobilizers/security systems (whether Manufacturer-fitted and approved or not)
 - Overheating and any damage caused as a result of overheating.
 - Contamination by any foreign body entering or blocking the cooling elements and mechanical or electrical system
 - Damage caused by the use of incorrect fuels or lubricants
 - Malicious Damage
 - Any costs or expenses incurred where the vehicle's odometer or speedometer has either been disconnected, tampered with or is not in working order
 - Replacement or repair to any electrical wiring
 - Any corrosion of mechanical or electrical components whether internal or external
 - Resultant damage as defined on page 4
 - Defective Workmanship or defective materials.
 - Any storage costs or expenses are not covered under this Warranty.

VEHICLES NOT COVERED:

The following vehicles are not covered under this policy: -

| | | |
|----------------|-------------------------|-----------------------|
| Abath | BMW X6 | Maserati |
| Aston Martin | BMW 850-series | McLaren |
| Audi R-series | BMW Z-series | Mercedes Benz AMG |
| Audi S-series | Chrysler SRT | Mercedes Benz C63 |
| Audi Q-series | Ferrari | Mercedes Benz S-class |
| Audi RS-series | Infinity QX-range | Mercedes Benz G-class |
| Audi SQ-series | Jaguar F-type | Noble |
| Audi TT-series | Jeep SRT | Nissan 370 z |
| Bentley | Land Rover (all models) | Nissan GT-R |
| BMW M-series | Lamborghini | Porsche |
| BMW 7-series | Lexus LX-range | Rolls Royce |

COVERED COMPONENTS:

ENGINE

All internally lubricated components (only if damaged by a covered component) excluding decarbonisation and blown cylinder head gasket and burnt valves.

GEARBOX (Manual)

All internally lubricated components (only if damaged by a covered component), including gear levers and linkages.

GEARBOX (Automatic)

All internally lubricated components (only if damaged by a covered component), plus torque converter, including gear levers and linkages.

DIFFERENTIAL

All internally lubricated components (only if damaged by a covered component).

DIFFERENTIAL LOCK

All internally lubricated components (only if Manufacturer-fitted or Manufacturer-approved).

TRANSFER BOX

All internally lubricated components, (only if damaged by a covered component), including gear lever and linkages.

MANAGEMENT SYSTEM

Engine and transmission management control units, sensors and solenoids, Diff lock actuator, Turbo ECU Unit & Supercharger ECU.

TURBO ASSEMBLY (Factory Fitted Only)

Original Manufacturer fitted unit only including impellers, shafts, bushes, bearings, casing, boost control valve (excludes hoses and pipes).

SUPERCHARGER (Factory Fitted Only)

Original Manufacturer- fitted unit only including impellers, shafts, bushes, bearings, casing (excludes hoses and pipes).

CASINGS

Engine, gearbox , differential & transfer box casings.

INTERCOOLER

Original Manufacturer fitted unit only (excludes hoses & pipes).

FREE WHEEL HUBS

Complete unit (Applicable to 4 x 4's and all-wheel drive vehicles).

DRIVE/PROP SHAFT

Complete half shafts, side shafts, complete CV joints (CV joint boot rubbers only when the CV joint is replaced), centre bearings and universal joints and couplings, including balancing but excluding prop shaft tube.

COVERED COMPONENTS CONITNUED:

BRAKING SYSTEM

Servo unit, master cylinder, wheel cylinder washers, caliper seals and pistons, vacuum pump, ABS control unit and sensors, excluding all friction items.

FUEL SYSTEM

Fuel pump, injectors, fuel accumulator, air flow meter, lambda probe, air sensors, fuel distributor, throttle bodies, warm-up regulator and carburetor (excluding service and tune ups).

STEERING SYSTEM

Column shaft, bearings and joints, internal components of rack and pinion, steering box, tie-rod ends, power steering pump (manual or electrical) and reservoir and rubber boots (only when repair is taking place on the steering box).

COOLING SYSTEM

Water pump, radiator (not covered due to external damage) welsh plugs, thermostat, thermo switch, viscous fan and radiator cooling fan (not covered due to external damage), heater radiator (excluding pipes and hoses). Auxiliary water pump and oil cooler.

AIR CONDITIONER

Air conditioner compressor, and condenser (re-gassing including only if as a result of mechanical or electrical failure).

ELECTRICAL COMPONENTS

Alternator, starter motor, windscreen wiper motor, windscreen washer bottle motor.

CLUTCH

Clutch plate, clutch fork, pressure plate, flex plate, slave cylinder, release bearing, ring gear, flywheel and master cylinder. (Against mechanical failure only.) Please refer to "Mechanical or Electrical Failure" for more clarity.

SUSPENSION

Upper and lower control arms with associated ball joints, bushes & springs, pneumatic suspension (excluding fittings/pipes) pump, compressor, and related sensors (excluding air bellows, leaf springs and coil springs).

WHEEL BEARINGS

All wheel bearings including hubs.

ELECTRONIC IGNITION

All solid-state control & triggered units fitted as standard by the Manufacturer.

EMISSION SYSTEM/CATALYTIC CONVERTER

Catalytic converter covered due to failure from operational wear only, excludes replacement due to carbon build up and routine maintenance. EGR Valve (excluding particulate filter).

PARTS DAMAGED FROM/THROUGH OVERFUELING

Mechanical or Electrical failure or damaged to any listed component as a direct result of overfueling shall be limited to the stated overfueling benefit in the Schedule of Benefits.

COVERED COMPONENTS CONITNUED:

CAMBELT FAILURE

Cambelt and tensioners and any resultant damage is subject to the policy liability limit.

DRIVE PULLEY

Crankshaft, camshaft, tensioners and jockey pulleys, excluding belts & servicing of components. Air conditioner pulley/clutch.

CENTRAL LOCKING

Original Manufacturer-fitted control unit, pump and actuator (excluding remote and remote batteries).

ELECTRICAL MOTORS

Electric sunroof motor (only originally manufacturer fitted, excludes rails) & electric retractable roof motor only (excluding wiring), electric window motors (excluding switches, relay & wiring) and electric seat motor (excluding switches, relay & wiring).

ELECTRONIC KEY

Original Manufacturer unit only.

CYLINDER HEAD GASKET

Cylinder head gasket only.

ADDITIONAL BENEFIT

You will be covered for one unspecified event to the value of R 3500,00 or R 4000,00 (Depending on which benefit your vehicle qualifies for at point of claim), Vat Inclusive. This benefit is limited to one event only, per 12-month period. This benefit excludes any abuse or neglect to your vehicle or failure to take "Preventative Maintenance" (refer to page 4: DEFINITIONS) regarding your vehicle.
